

## Is **CAR TO GO** for me?

**If one or more of these statements are true for you, consider carsharing!**

---

### **I only need a car some of the time.**

**CAR TO GO** is the perfect option for those who only sometimes need a car. Membership will give you all the perks of car ownership, with none of the hassles.

### **I use transit, walk or bike to get around.**

If you typically ride the bus, walk or bike, but sometimes need a car, **CAR TO GO** is a low cost way to access a fleet of vehicles.

### **I occasionally need a second car.**

If your second household car spends most of its time parked, it's time to reconsider paying to own, insure and maintain it. **CAR TO GO** can be your second car, for much less.

### **I could use a different type of car for some purposes.**

**CAR TO GO** members have access to a variety of vehicles including small and mid-size sedans, SUVs, and a pickup truck.

### **I want to save money.**

If you're like most Americans, you're paying between [\\$7,000-\\$11,000](#) per year to own, insure, fuel and maintain a car. **CAR TO GO** members pay about \$750 per year on average for access to nine vehicles. This includes gas, maintenance, insurance and roadside assistance.

### **I want to save time.**

Snow shoveling, washing, oil changing – cars are time consuming. **CAR TO GO** members are freed from those hassles, because we handle them.

### **I want to be greener.**

**CAR TO GO** members are transit riders, walkers and cyclists. Many have been able to eliminate their personal vehicle or a second household car, reducing their carbon footprint in the process. And, **CAR TO GO**'s fleet is 99% hybrid (we're hoping to reach 100% soon)!

### **I want to impress my boss.**

**CAR TO GO**'s corporate memberships can replace your company's fleet cars, offering mobility for meetings and site visits at a fraction of the cost. Be the office hero by proposing a [CAR TO GO corporate membership](#).
